

## Heat pump air to water type Gree Versati III DUO 8,0/7,7kW

**Product code:** S1GRE-GRS-CQ8.0PDG-PD/NHH-KOM

Brand: Array

Category: Heat pumps > Air to water heat pumps

**PRICE: €6,120.00** 

### About the product

Manufacturer: Country of origin: Height, mm: 1750 Width, mm: 600 Depth, mm: 600 Power (kW) to: 8 Efficiency class: Efficiency: 5 Item type: Warranty, year: 2

## **Description**

#### **Benefits:**

- Liquid crystal display and touch-screen operation;
- integrated Wifi module
- a three-way valve, a room thermostat (temperature sensor), a water heater sensor, a signal cable between the indoor and outdoor unit, a coarse cleaning filter, a bottom heating cable for the outdoor unit are included in the set;
- integrated 185 I hot water tank;
- $\bullet \ \text{working temperature in heating mode down to -25 °C, in cooling mode from 10 to 48 °C ambient temperature; } \\$
- $\bullet$  the leaving water temperature is up to +60°C
- refrigerant circuit R32.

## Values of heat pump operating parameters when T = + 7 $^{\circ}$ C / + 35 $^{\circ}$ C:

- rated heating power (underfloor heating): 8.0 kW;
- electricity consumption (floor heating): 1,61 kW;
- COP (underfloor heating) efficiency up to: 5,0.

# Values of heat pump operating parameters when T = + 35 $^{\circ}$ C / + 18 $^{\circ}$ C:

- cooling capacity (floor cooling): 7,7 kW;
- electricity consumption (floor cooling): 1,72 kW;
- EER (floor cooling) efficiency up to: 4.5.

### Indoor unit parameters:

- $\bullet$  backup heating element: 3,0 + 3,0 kW useful when the heat received from the air is not sufficient to raise the temperature of the heat carrier;
- integrated adjustable flow circulation pump;
- safety valve 1/2 ", 3bar;
- noise pressure level: 29 dB (A).

User manual
